

Join the effort

One Heart McKinney exists to coordinate the WHOLE community to maximize well-being in daily life, and respond to and recover from any community crisis. Our goal is to coordinate resources across the City. We want our friends and neighbors experiencing difficulties to get the help they need through efficient and effective referrals.

We invite you to partner with us. Your contribution plays an important role in our mission. We celebrate and honor the generosity of our supporters at every level. Let's embark on this journey together, with One Heart, one mission, and endless possibilities.
